** The FBI's cover letter says that WFO found no references to LHO in the FPCC and FTRR (Funds....) files, and that NY found none in the FTRR file. I wrote back, pointing out that this may have meant they found no items which had not been sent to HQ, since 105-82555-6C is a FTRR item from NY. No reply yet.

The request to the field offices (#466) asked for internal documents, and inter-office communications other than those to or from FBI HQ; also, HQ communications with "substantive, pertinent" notations.
